

Serial No.

106. A method according to claim 95 in which the coding sequence encodes the enzyme purine nucleoside phosphorylase (PNP).

**REMARKS**

By this Amendment, all original claims in the application are cancelled and replaced with new claims 54-106. The only changes made in the new claims are to delete multiple claim dependencies to avoid the multiple claims fees.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 500417 and please credit any excess fees to such deposit account.

Respectfully submitted,

MCDERMOTT, WILL & EMERY

Robert L. Price
